

UNWANTED PILLS PILING UP?

Protect children, pets
and San Francisco Bay.
Dispose of unwanted
medications safely at
one of the collection
sites listed below.

Placing unwanted medicine in the trash poses an accidental poisoning threat to children and pets. Disposal down sinks or toilets can result in pharmaceutical pollution entering San Francisco Bay because wastewater treatment plants are not designed to remove medications and similar chemicals. Learn more at cleanbay.org, or call (650) 329-2122.
